## YOKE MOUNT COMBO CLIPS

Unique design puts your approach plate and a pen, pencil or stopwatch right in front of you. Two styles of clips are available with a protective plastic coated yoke clip to fit most aircraft control shafts. Easily adjustable spring clip holds tight with no control interference. Self-adhesive Velcro® pad holds pencil, etc. conveniently above approach plate ending needless searching, or loss.

### LARGE YOKE p/n #600 *This size fits:*
