

CONDOR[®] AIRCRAFT TIRES

Typical Condor[®] bias-ply tire construction.

With Condor[®] aircraft tires, you'll find reliability and outstanding value. That's because we keep prices down to earth with state-of-the-art technology engineered for affordability.

Condor tires are available in a variety of sizes for light to medium general aviation aircraft. For more information, contact your local Condor[®] distributor listed on the back of this brochure.

Condor features include:

- Strong sidewalls for exceptional durability, even after frequent hard landings.

- Tough treads compounded for high abrasion resistance, low heat generation and extra long life.
- Smooth liners to help prevent tube chafing.
- Full FAA qualification based on thorough static and dynamic testing.
- Each production tire is subject to final inspection and a check for weight and balance.
- Limited warranty guarantees that each Condor[®] aircraft tire is free from any manufacturing defects.
